

**2022 2nd International Conference on Energy, Power and Advanced
Thermodynamic Systems (EPATS 2022)**
July 22-24, 2022 Nanjing, China

Invitation Letter

Dear _____ (sir/madam)

Energy, along with electricity, has become an indispensable part of our life. They change the way we use energy and the way we live. Energy and electricity still remain an important concern in 2022. " 2021 International Conference on Civil Engineering, Energy and Electric Power (CEEPP 2021)" will be changed into " The 2nd International Conference on Energy, Power and Advanced Thermodynamic Systems (EPATS 2022)" in 2022. The theme of Civil Engineering has been removed to focus more on the latest innovations and knowledge in energy and power engineering, and to stimulate new ideas and promote collaborations.

EPATS 2022 will be held in Nanjing, a city with time-honored history and profound culture, and an ideal place for scholars to exchange ideas and promote science. We warmly invite you to attend EPATS 2022, and look forward to meeting you in Nanjing!
