

2023 8th International Conference on Intelligent Computing and Signal Processing (ICSP 2023)

INVITATION

CONFERENCE INTRODUCTION

You are invited to present 2023 8th International Conference on Intelligent Computing and Signal Processing (ICSP 2023) will be held during April 21-23, 2023 in Xi'an, China. It's sponsored by Xi'an Shiyou University, China.

To adapt to this changing world and China's fast development in this new era, the 2023 8th International Conference on Intelligent Computing and Signal Processing (ICSP 2023) takes "Intelligent Computing and Signal Processing" as the theme and focuses on cutting-edge research fields including Intelligent Computing and Machine Learning, Signal Processing and Intelligent Control, Image Processing and Computer Vision, Internet of Things and Sensor Technology. This conference aims to boost development of the Computer Area, expand channels of international academic exchange in science and technology, build a sharing platform of academic resources, promote scientific innovation on the global scale, improve academic cooperation between China and the outside world, enhance development of Intelligent Computing and Signal Processing industries. It also aims to encourage exchange of information on research frontiers in different fields, connect the most advanced academic resources in China and abroad, turn research results into industrial solutions, bring together talents, technologies and capital to boost development.

We warmly invite you to attending the conference.
