

Brief CV

Name	Graciana Puentes	Chinese Name	If you have one	PHOTO 
Gender	Female	Title (Pro./Dr.)	Dr.	
Position	Senior Researcher	Country	Argentina	
Phone Number		University Email		
IEEE member ID				
WeChat/ FB/WhatsApp				
University/ Department	University of Buenos Aires/ Physics Department			
Personal Website	http://users.df.uba.ar/gpuentes/			
Research Area	Quantum Photonics			

Brief introduction of your research experience:

Graciana Puentes completed her a PhD degree in Physics (Summa Cum Laude) at Leiden University (NL), in 2007. Her thesis examined quantum scattering phenomena in photonic systems. Upon graduation, she was appointed Research Fellow at University of Oxford (UK), and the Institute of Photonic Science (ICFO, Barcelona). She was an Oxford Trinity College Fellow (UK), a Marie-Curie COFUND Fellow (SP), an ICFONest Fellow (SP), and a Senior Research Fellow at Philips Research (NL). Since 2014 she holds an Independent Senior Researcher position at the National Research Council (CONICET-Argentina). In 2018, she was appointed Associate Professor at University Paris-Saclay (FR). In 2019, she was elected Chair of OSA Quantum Optical Science and Technology Technical Group. In 2020, she was elected ERA Chair in Quantum Optics and Photonics, by Horizon 2020 (EU). Her research interests focus on quantum photonics and quantum technologies. Her research work is documented in over 40 publications in top peer-reviewed scientific journals, 3 patents, 3 book chapters, 10 Invention Disclosures and more than 30 conference proceedings.
